

QuickShip

KIDSTALE
imagination at play

Out the door in 24 hours

Don't delay playtime for young ones and watch as they make new friends and practice their fine motor skills. Order today and welcome tons to a range of activities and adventures in no time.

KidsTale specializes in designing, manufacturing, and shipping quality playgrounds to fuel the imaginations of children.

Our QuickShip range of playgrounds is the perfect option for when playtime can't wait. If you're looking for a playground solution to fit daycares, multi-family housing, schools, and organizations that want to improve its facilities, KidsTale won't disappoint.

At KidsTale, we decided to maintain an extensive inventory in our new mega-warehouse which allows us to ship within 24 hours after your order has been confirmed. The QuickShip playgrounds come in a variety of sizes, so you're bound to find a model to suit your playground size without sacrificing activities. When you order a KidsTale playground you'll have peace of mind that the structure is protected against the outside elements. The steel handrails, barriers, gates, climbers, and 3.5" OD steel support posts are coated with a polyester powder coat finish for lifetime protection. The decking and stair parts

are made with 12-gage steel encased in durable PVC coating with the same high standards as the powder-coated steel parts. Plastic slides, panels, roofs, and climbers are made in rotational molds with composite resins that provide a high UV breakdown resistance ensuring the playgrounds look as good as new throughout the years. The raw materials for the HDPE (high-density polyethylene) climbers are made in our factories to ensure high-quality control and long-lasting playgrounds.

Leaps the Antelope

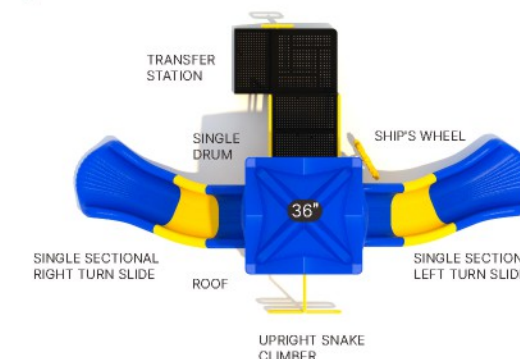

Ignite the spirit of adventure and play with Leaps the Antelope, specially crafted for young explorers and small spaces! This dynamic playground set features two exciting slides — a gentle, curvy slide for smooth rides with a thrilling twist — providing endless sliding fun for kids. The unique snake climber encourages children to engage their imagination and develop their climbing skills. Its undulating design offers a fun and challenging way for kids to climb and explore, promoting balance, coordination, and muscle strength.

Willy Wildebeest

Unleash the wild joy of playtime with Willy Wildebeest, designed to captivate young imaginations and encourage active exploration! This unique playground features a full roof offering protection from the sun and a curvy slide that offers an exciting, winding ride down, perfect for little thrill-seekers who love a bit of adventure. The rock climber provides a fun and engaging way for kids to test their climbing skills, promoting strength, coordination, and confidence as they navigate their way to the top. The spiral bean climber adds another layer of challenge with a twisting design that inspires creativity and enhances gross motor skills, balance, and agility.

Over Ostrich

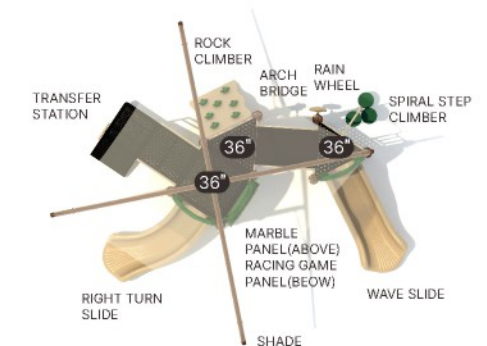

Create an unforgettable play experience with Over Ostrich, thoughtfully designed to engage and entertain young children while keeping them safe and cool under a sizeable protective shade. This comprehensive playset is a paradise for active preschoolers, featuring multiple play elements that inspire imagination, movement, and fun! Kids can choose between a curvy slide for a twisty, exhilarating ride or a wavy slide for gentle, rolling fun. The rock climber provides a safe and adventurous way for children to challenge their climbing skills and build strength. At the same time, the arch bridge invites imaginative journeys and enhances balance and coordination as they cross from one side to the other. Fostering social interaction, the ground-level racing game panel will keep children engaged.

Swiftly Swordfish

The Swiftly Swordfish elevates outdoor fun and is built to excite and challenge children while fostering physical development and creativity. Designed for school-aged kids, this playground offers a variety of activities to promote strength, coordination, and imaginative play. The sturdy monkey bars are perfect for building upper body strength and agility, inviting children to swing, hang, and traverse like true adventurers. The wavy slide adds a thrilling ride that kids will love, with its gentle curves delivering a fun and smooth descent every time. The steel ring climber provides a unique challenge, encouraging kids to test their climbing skills while enhancing balance and muscle strength. Topping off this versatile playground is a new peaked dome roof that adds a stylish architectural element and offers shade and protection from the sun.

Buzz Hummingbird

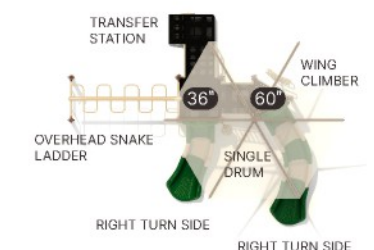

Ignite the joy of outdoor play with Buzz Hummingbird, designed to engage, challenge, and inspire children with various dynamic activities. Perfect for children aged 5 and up, this playground is packed with features that promote physical fitness, creativity, and social interaction, making it an ideal addition to any school, park, or community space. Kids will love swinging and hanging from the monkey bars, building upper body strength and coordination. The dual curvy slides provide double the fun, offering two twisting, turning paths for a thrilling descent that keeps them returning for more. The wing climber encourages kids to climb, balance, and explore, promoting muscle development and agility. Adding a touch of creativity and rhythm to the mix, the bongo drum station invites children to express themselves musically, fostering cognitive skills and enhancing social play. The shade roof provides comfort and protection from the sun, ensuring safe and cool play even on the hottest days.

Cheetah Challenge

The dynamic playground, Cheetah Challenge, is thoughtfully designed to offer endless opportunities for active play, creative exploration, and social interaction, making it the perfect hub for fun and fitness. Kids can race down the two curvy slides, each with its own twisty path, delivering thrilling rides that will have them lining up again and again. The monkey bars provide a classic challenge for developing upper body strength and coordination. At the same time, the inverted arch climber and rock climber offer exciting ways to test climbing skills, build confidence, and promote physical fitness. The interactive weather panel adds an educational element, allowing kids to record weather patterns while having fun. Meanwhile, the drum station offers a creative outlet for rhythm and music, encouraging self-expression and cooperative play. The large shade ensures a comfortable play environment by providing ample protection from the sun, keeping kids cool and safe even on hot days. This playground will be a favorite gathering spot where children can slide, climb, learn, and play their way to endless adventures!

Falcon's Perch

Falcon's Perch is a thoughtfully designed ground-based obstacle course style playground that keeps kids active, engaged, and close to the ground while challenging their physical skills and igniting their imaginations. The stepping pods invite kids to hop, jump, and navigate their way across, encouraging agility and focus. The rock wall climber is a favorite for children who love a bit of a challenge. This feature provides a safe climbing experience that helps build strength, confidence, and problem-solving skills as they plan their route to the top. Nearby, the tunnel climber offers a different adventure, allowing kids to crawl, hide, and explore their way through, stimulating their senses and promoting social play as they make new friends. The overhead wheel climber is a unique and thrilling activity for more adventurous kids. This feature lets children grasp rotating wheels above their heads, encouraging them to swing from one to the next. It's a fantastic way to build upper body strength, improve grip, and enhance coordination – all while feeling like they're conquering a fun-filled obstacle course. Welcome to the ultimate adventure destination for kids aged 5-12!

Things to Consider when buying playground equipment

1

Look for age appropriate equipment.

Seek out guideline compliant equipment.

2

3

Select equipment that fits in your space.

Choose the equipment that best meets your child developmental needs.

4

5

Be mindful of your budget.

Determine the overall look of your play space including a color palette.

6

7

Involve the community.

Consider environmental factors.

8

9

Seek out a reputable vendor/manufacture.
